

Large Turnkey LED Tower

TURNKEY LED TOWERS

The Turnkey LED Towers are ultra-bright, high resolution LED video displays created for retail storefronts. Each fully equipped with 2.5mm pitch LED panels, a sturdy aluminum structure, video processor, player and fabric infills. Ready for immediate use on its own or as part of a larger display. With video screens on one or two sides, corner wrap, full wrap or in a mosaic video pattern these units are perfectly suited for any storefront window display or shopping mall. The 16:9 aspect allows for high definition video content playback and are fully equipped for digital signage deployment. Available coast-to-coast, this is an affordable video display rental solution.
